

Zoology Meeting 2018

ZOOLOGY IN THE ANTHROPOCENE

13th -15th of December at ZOO Antwerpen

Welcoming all contributors from the field of zoology, from molecule to the biosphere
For more information, abstract details and registration forms visit:

<http://rbzs.myspecies.info/node/14>

13th of December – Workshops organized by the RBZS Young Zoologist Group

13:30 - 14:00: Welcome with coffee and tea

14:00 - 15:00: “The starting point of scientific writing” - by Prof. Reinhart Ceulemans (UAntwerpen)

15:00 - 15:15: Question session

15:15 - 15:30: Coffee break

15:30 - 16:30: “How to remain sane during your PhD” - Stress Management workshop by Make me Fly!

16:30 - 16:45: Coffee break

16:45 - 17:45: “How to remain sane during your PhD” - Stress Management workshop by Make me Fly!

Drinks afterwards at a bar close to the Zoo. First drink for free!

14th of December - Opening Zoology Meeting with FWO Kennismakers

Please register at www.kennismakers.be/nl-be/registreren/ if you want to attend sessions and/or the joint reception at the FWO Kennismakers

14:35 - 15:50: FWO session: Impact Climate Change on Ecosystem Services

16:00 - 17:30: Keynote talks by:

- Eelke Jongejans (Raboud University Nijmegen) - “Do we understand why insects are in decline?”

- Andreas Wilting (Berlin ZOO) - “From detections to predictions; high-throughput tools for biodiversity assessment and monitoring in changing environments.”

17:30: Joint reception with FWO Kennismakers

15th of December - Zoology meeting

09:00 - 09:45: Keynote talk by Hilde Eggermont (Biodiversity Platform Belgium – RIBNS) - “IPBES: strengthening the science-policy interface in the face of global change.”

10:00 - 12:30: Parallel symposia on

Crossing borders: why and how biologists and climatologists must speak together;

How animals face global change: plasticity, resilience, adaptation;

Open Zoology symposium and COST Session DNAqua-Net (Developing new genetic tools for bio assessment of aquatic ecosystems in Europe)

12:30 - 14:00: Poster session with lunch

14:00 - 16:30: Parallel symposia on

Crossing borders: why and how biologists and climatologists must speak together;

How animals face global change: plasticity, resilience, adaptation;

Open Zoology symposium

16.30 - 17:30: Poster session with happy hour

17:30 - 18:30: Zoology prize winners: Kets & KNDV + Poster and presentation awards + End ceremony
